

PROBLEM SOLVER

PROBLEM:

DRUMMOND®
A LAWSON PRODUCTS BRAND

Many commercial cleaners are hazardous to your health and the environment while still leaving a big mess.

This Causes:

- Skin irritation and allergic reactions due to toxic chemicals, carcinogens, or other harmful compounds.
- Landfills to fill up with wasteful packaging and the depletion of natural resources.
- Damage to marine life and waterways.
- Additional shipping costs for heavy 55 gal. drums of cleaning compounds.

SOLUTION:

Drummond® Third Power™ Cleaner and Degreaser

- Quickly breaks down tough grease, oils, and grime.
- Highly versatile – apply using pressure washers, floor scrubbing machines, tank sprayers, mops, or trigger sprayers.
- Non-toxic, no carcinogens, no teratogens, no mutagens, non-flammable, non-reactive.
- Does not harm to waterways, plant, or animal life.
- Supplied as a concentrate in a reusable drum – reduces shipping cost.
- Replenishment concentrate shipped in recyclable packaging.
