Strong and Reliable Holds with the Hook & Hold Gel Threadlockers

High-strength threadlocker cures between threads, uniting assemblies, making them virtually leak-proof, shockproof, and vibration-proof.

- Excellent chemical resistance
- No drips or spills, easy to apply, easy cleanup
- Sticks where stuck
- Full cure time: 24 hours

Blue Threadlocker (DY67004242)

Locking Strength – Medium 170 PSI
Breakaway Torque, unseated - 170 in-lb
Prevail Torque at 180° - 100 in-lb

Red Threadlocker (DY67004271)

Locking Strength – High 2500 PSI
Breakaway Torque, unseated - No Limit
Prevail Torque at 180° - No Limit

Breakthrough, a Concentrated Cleaner that Cuts Through Layers of Grease and Oil Fast!

Unique formula performs in hot or cold water, rinses free and leaves no residue. Works great in high-pressure washers, steam cleaners or with just a bucket and brush.

- Removes dirt, grease, oil, and road film
- Concentrated formula can be diluted up to 1.6 oz. per gal. (1:80)
- Safe to use on aluminum, glass and painted surfaces
- Non-toxic, non-flammable, non-corrosive and biodegradable

1500365 – 5 Gallon Pail
1500366 – 55 Gallon Drum

REGENCY
A LAWSON PRODUCTS BRAND

Regency Step Reamers

Regency® Step Reamers are designed to enlarge existing holes, penetrating thick steel quickly and safely, producing smooth, accurate holes without burrs.

Sets Designed to Enlarge Existing Holes in a Single Tool

Regency Step Reamers are designed to enlarge existing holes without chipping or breaking.

- Can be used to align distorted or misaligned holes
- Each reamer can create up to five different hole sizes
- Allows step drilling on materials up to 1/2" thick
- Special gold oxide finish minimizes friction and helps with temperature relief
- Four-inch overall length allows for smaller clearance hole creation

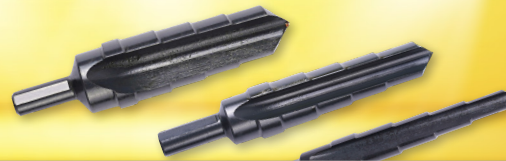

Dia. (Inches)	No. of Pieces	Description	Item No.	Pkg. Qty.

CryoTool®
A LAWSON PRODUCTS BRAND

Lawson's Cryophase process for added durability

Cryo Step Reamer Set

Multi-Tool Design with Higher Durability and Deeper Cuts

The Cryophase™ process makes the Cryo Step Reamer durable and flexible, allowing for longer use in less-than-ideal conditions. It cuts, deburrs, enlarges and re-aligns holes in a full range of shop metals like steel and aluminum up to 1/2" thick.

Double flute profile – provides smoother cuts, efficient chip removal and deburring

Black Oxide

Hardness – 62-64Rc

The unique step design provides the user with maximum control of hole size

Heavy-duty non-slip shank extends tool life and provides improved cutting efficiency even in tough hardened materials

DY81910003 – Kit includes
5/16 to 9/16
9/16 to 13/16
13/16 to 1-1/16

Product Spotlight

N95 Particulate Respirators

Lightweight, disposable respirator designed for comfort

- NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particles
- Two-strap design helps provide a secure seal
- Cushioning nose foam
- Lightweight construction
- Electrostatic media is designed for ease of breathing

Exhalation Valve	Mfg. No.	Item No.	Pkg. Qty.
No	8210	SF12000	20
Yes	8511	SF12001	10

Welding Respirators

Featuring 3M Cool Flow™ Exhalation Valve to keep wearer cool

Designed for applications where metal fumes may be present such as:

- Welding
- Brazing
- Grinding
- Metal Pouring

Filter Type	Exhalation Valve	Mfg. No.	Item No.	Pkg. Qty.
N95	Yes	8212	SF12008	10
N95 with Ozone Protection* and Nuisance Level Organic Vapor** Relief	Yes	8214	SF12009*	10
N95	Yes	8515	SF12010	10

*3M™ recommended for ozone protection up to ten times OSHA PEL (Not NIOSH approved for ozone).

**Nuisance level refers to concentrations not exceeding OSHA PEL or other application exposure limits, whichever is lower.
