

Product Spotlight

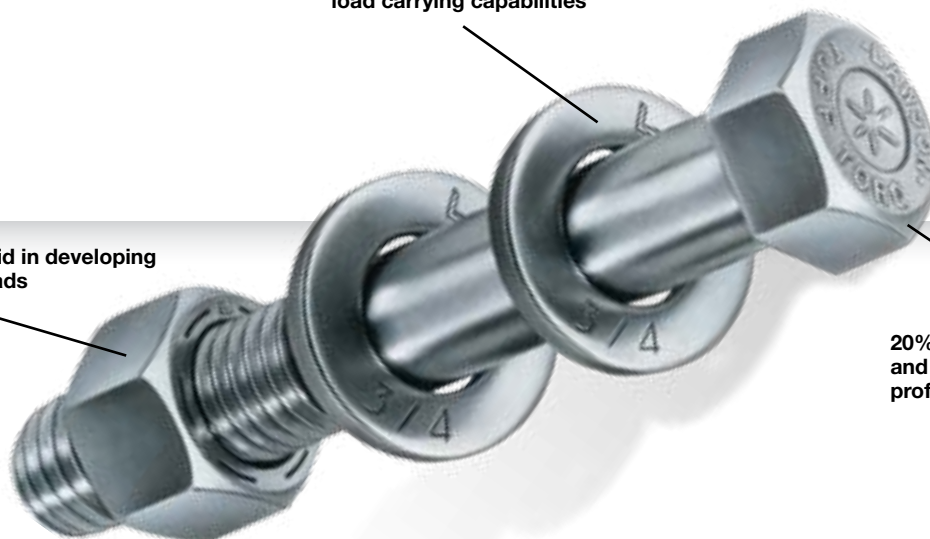

Tuff-Torq® Fastening System

Maintenance Engineered Fasteners That Are Stronger

Delivering more consistent clamp loads compared to standard grade 8 fastening systems

Thicker washer for increased load carrying capabilities

Polymer coated to aid in developing consistent clamp loads

20% higher head for easier wrenching and a UNJ fatigue resistant thread profile for increased service life

Tuff-Torq® Fastening System components are electroplated with zinc for better corrosion resistance

	Starter Assortments		Standard Assortment	Full Setup Assortment

With over 30 years of service and dedication, Lawson Products Tuff-Torq® fastening systems provide significant savings by decreasing the frequency of maintenance bolting which reduces loss of production time, idle machines, idle labor and upset production schedules.

Tuff-Torq® Maintenance Engineered fastening systems are stronger, more reliable, trouble-free bolted connections that are superior to original equipment design.

Visa Seal™ Connectors

Make Electrical Connections Easy

Whether repairing old or making new connections, you need the right solutions. Visa Seal™ Terminals and Connectors provide easy, confident crimping and protection from harmful elements such as moisture, dust and chemicals.

Clear, adhesive-lined heat shrink ends allow easy visual inspection and watertight seal

Barrel "windows" enable confirmation of complete wire insertion

Color-coded bands on sleeve indicate connector size and crimp location

Connectors Come Individually or in Assortments

Visa Seal™ Wire Terminals and Connectors Assortment

20 Items, 240 Pieces

- Sizes: 22-18 Ga., 16-14 Ga. and 12-10 Ga.
- Includes Rings, Spades, Quick Slides, Butt Connectors and Step-Down Connectors

1495191 Visa Seal Wire Terminals and Connectors				
Ring Terminals 22-18 Ga., 16-14 Ga., 12-10 Ga.	Spade Terminals 22-18 Ga., 16-14 Ga., 12-10 Ga.	Quick Slide Terminals 22-18 Ga., 16-14 Ga., 12-10 Ga.	Butt Connectors 22-18 Ga., 16-14 Ga., 12-10 Ga.	Step-Down Connectors 22-18 Ga. to 16-14 Ga., 16-14 Ga. to 12-10 Ga.

Regency® High-Performance Cutting Tools

Premium tools designed for maintenance repairs

The Regency® line of cutting tools from Lawson Products keeps the metalworking maintenance professional in mind. Engineered for durability and designed to help reduce fatigue.

Jobber Length Drill Bits

- Nitrided margins; reduces friction between drill bit and workpiece
- 135° modified split point; no need to center punch, eliminates walking
- Polished flutes removes chips more rapidly

Item No. 84750A
 • 29 pieces
 • 1/16" to 1/2" by 64ths

Reamers

The Right Tool to Enlarge or Accurately Size and Existing Hole

- 3 flute design provides cutting consistency and eliminates chatter
- Specially designed shorter length provides optimal feed pressure
- Equally spaced drive flats secure chucking
- High-speed steel construction and stronger core provide greater control

Align misaligned holes

Item No. 1561751
