

Visa Seal™ Connectors

Make Electrical Connections Easy

Whether connecting wires, repairing wires or protecting existing wire, you need the right solutions. Visa Seal™ Terminals and Connectors provide easy, confident crimping and protection from harmful elements such as moisture, dust and chemicals.

Clear, adhesive-lined heat shrink ends allow easy visual inspection and watertight seal

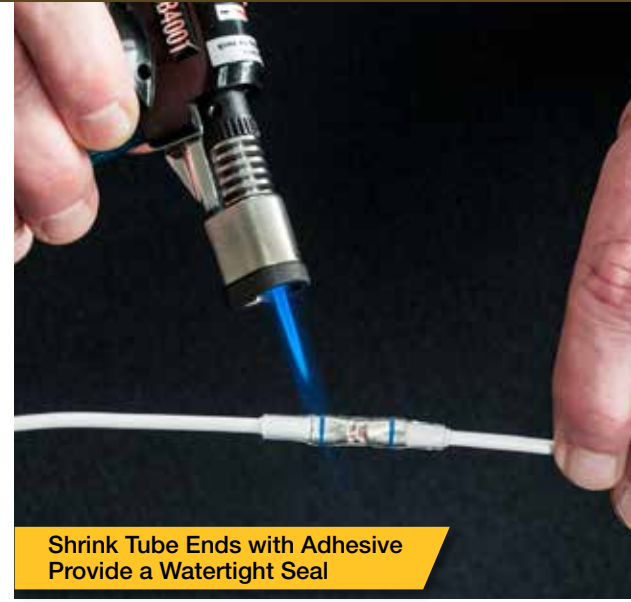

Barrel “windows” enable confirmation of complete wire insertion

Color-coded bands on sleeve indicate connector size and crimp location

Get It Done Right the First Time

- Visa Seal™ Connectors allow you to efficiently complete your industrial, fleet and boat wire applications
- These specially designed connectors reduce waste from improper crimping and time spent on re-crimping
- Clear tubing and barrel windows offer unmatched, mistake-free, visual inspection of connections and crimping

Shrink Tube Ends with Adhesive Provide a Watertight Seal
