

Tire and Wheel Cleaner – Non-Acid - 1633816

Tire and Wheel Cleaner - Non-Acid is an innovative tire and wheel cleaner that safely removes even the toughest brake dust and road grime. Tire and Wheel Cleaner uses a unique gel-like formula that goes on thick and clings to the surface. This non-acid formulation is the perfect solution for hard to clean wheels with brake dust problem. Tire and Wheel Cleaner - Non-Acid is a biodegradable product that can be diluted or used as is.

Directions and Dilutions

NOTE: Safe for most wheels. MAKE SURE WHEELS ARE COOL BEFORE APPLICATION, FAILURE TO DO SO MAY CAUSE DAMAGE TO HOT WHEELS. MAY ALSO CAUSE DAMAGE TO PREVIOUSLY REPAIRED WHEELS. For questionable wheels, test on an inconspicuous area before completely covering wheel.

Directions:

Work one wheel at a time!

1. Spray wheel, tire and surrounding area with cool water.
2. Spray product on wheel and tire. Let product dwell for 5-10 seconds. Agitate if necessary. Do not allow product to dry on surface.
3. Thoroughly rinse with a water hose or pressure washer.

Repeat steps 1-3 above for each wheel and tire.

Recommended dilutions:

- New cars: - 1:4.
- Pre-driven cars: - 1:1 to RTU.

FEATURES

- Removes brake dust, dirt and grime
- Non-acid formula
