

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON PRODUCTS BRAND

PROBLEM:

Finding a de-icer that:

- Quickly melts ice and snow while leaving no residue
- Won't damage painted surfaces, metals, rubber, glass and plastics
- Prevents buildup of ice and snow
- Penetrates and frees up door locks

SOLUTION:

Drummond™ Sleet De-Icer

- Melts ice, frost and snow quickly without leaving any film or residue that can impair visibility
- Safe for use on trucks and cars – will not harm metals, painted surfaces, rubber weatherstripping, glass or plastics
- May be used prior to a storm – protects against the buildup of ice and snow
- Penetrates deep into door lock mechanisms, freeing up frozen locks and preventing future freeze-up

“Let me show you how it works”
