

Technical Data Sheet

Ogle Glass and Hard Surface Cleaner

DRUMMOND™
A LAWSON BRAND

Overview

Leaves surfaces clean without streaking or leaving a hazy film. The cleansing foam lifts off dirt, fingerprints, smoke films, grease and most other soils. Ogle can also be used on a variety of hard surfaces and leaves a pleasant fresh fragrance.

Features/Benefits

- Clinging foam (aerosol)

Applications

- Glass
- Brass
- Bronze
- Plexiglas®
- Lexan®
- Chrome
- Stainless steel
- Tile
- Marble
- Granite

Method of Application

- Aerosol
- Liquid Ready-To-Use

Identification

- Aerosol: White clinging foam
- Quarts: Ready to use with sprayers, thin blue liquid

Sizes

- Aerosol: 20 fl. Oz. Can Size; 19 Oz. (539g) Net Wt.
- Ready-To-Use Quarts

Directions for Use

- Simply spray and wipe clean

Technical Specifications

Aerosol

- Form: Aerosol
- Color: White
- Odor: Pleasant
- Specific Gravity (Concentrate): 0.9572 at 70°F (21°C)
- pH (Concentrate): 10.0
- Reportable VOC Content: 9.70% by weight
- Boiling Point (Concentrate): 206.6°F (97.2°C)
- Flash Point (Aerosol): -156°F (-104°C)
- Shelf Life: Minimum one year
- HMIS: H:1 F:1 R:0

Ready-To-Use Quarts

- Form: Thin liquid
- Color: Blue
- Odor: Pleasant
- Specific Gravity: 0.990 at 70°F (21°C)
- pH: 7.0
- Reportable VOC Content: 4.08% by weight
- Boiling Point: <212°F (<100°C)
- Flash Point: 107°F (42°C)
- Shelf Life: Minimum one year
- HMIS: H:1 F:1 R:0
